

THE POWER OF DUPLICATION

The number one rule in this industry is: What works for YOU doesn't matter – what duplicates for EVERYONE does matter.

Have you ever wondered why million dollar franchises like Starbucks or McDonald's have an almost 100% success rate? If you think it's because the 16 or 17 year olds they hire have extraordinary skill sets, think again. Not even close. It's absolutely the duplicatable system which creates a predictable outcome.

In order to get all the benefits of Relationship Marketing, you need duplication – a system that works for everyone.

Right now, your income probably comes from 100% of your own effort. But when you get people to do a few simple tasks consistently over a sustainable period of time, it's possible that your income could come from 1% of your effort and 99% from people across the globe. This is how you get both money freedom and time freedom.

So, wouldn't you like the same 100% success rate as Starbucks or McDonald's? Remember: Getting fancy or complicated kills duplication.

The key? Keep it simple and easy. Duplication is all about getting a large group of people to consistently do the same thing by following a proven, predictable system.

The entire P2S Travel system is based on mastering and duplicating this step.

Can you do it? Of course you can!
